

Wrestling Bouts In Chicago Under City Control Now

CHICAGO, Dec. 23.—Wrestling was placed under control of a city athletic commission today when the council passed an ordinance creating the commission to regulate the sport. The commission will be composed of Mayor Thompson, Chief of Police Fitzmorris, two clergymen and two citizens. All matches must be submitted to the commission for approval.

The action grew out of an alleged "fake" match which broke up in a riot.

South Africa is now manufacturing a new material to take the place of nitroglycerine explosives.

HOOVER ISSUES STRONG APPEAL FOR CHILDREN

PHOENIX, Dec. 23.—To fit 3,500,000 orphans of the world war at the American Christmas table, in spirit at least, as "Invisible Little Guests," is the effort being made by Herbert Hoover, chairman of the European Relief Council, as shown in an appeal received at Arizona headquarters of the organization here today. Certificates for the entertainment of these "Invisible Little Guests" are being placed on sale throughout the state, in hotels, restaurants and elsewhere, by the several county chairmen.

"Have an Invisible Little Guest Dine With You," is the wording of a display card being used in some places to attract attention.

Hoover in his appeal says: "There are three and one-half millions of waifs, under-nourished, orphan and sick children in central and eastern Europe who have since the armistice and will be until the next harvest dependent upon America, cared for in 17,000 kitchens, clinics, hospitals and asylums. They are helped by the charity of their own countrymen to the utmost of their ability and served by 100,000 volunteers among their own countrymen. Yet the vital food, clothing and medical care must come from America."

"If these doors are not to close, we must have \$33,500,000 to carry on until the next harvest. Is \$10 too much to pay for the life of a child? We cannot as a nation desert this mass of suffering humanity, and for the love of children that is strong within us this obligation falls on every American family. We ask you to receive some number of these children as 'Invisible Little Guests' to sit with you at your table during the holidays. We must carry to completion the greatest human effort our nation or any other nation has ever made. No greater good can go out from our people than to feed these three and one-half millions of helpless waifs in spirit at our Christmas table in the name of the American people."

New York's Crime Epidemic Rapidly Being Curbed Under Intense Police Activities

NEW YORK, Dec. 23.—New York's crime epidemic appeared to be waning rapidly today before intensified police activities, supported by drastic measures of criminal court judges. Eighty-four men, most of whom previously had been released on low bail, were sent to jail by judges in the court of general sessions, when the amounts of the sureties were raised so high that the prisoners could not furnish them. Bail amounting to \$150,000 was ordered forfeited in the cases of 60 others who failed to appear.

Announcement was made that on Monday 500 men will be started on a course of intensive training, preparatory to joining the regular police force.

Perry Lewis and Kid Palmer Fight Ten Rounds to Draw In Tucson; Both End Strong

TUCSON, Dec. 23.—Perry Lewis, Tucson, and Kid Palmer, Phoenix, fought 10 fast rounds to a draw here tonight. Both men ended strong.

Young Maza, Phoenix, won his bout with Young Hock Bone, Tucson, on a foul. Skinny Leonard knocked out Young Ryan in the third round of their fight.

In the curtain raiser, Bronco Smith's seconds tossed in the towel in the second round of his match with Martin Davis.

A canteen has been placed 500 feet below ground in a coal mine in Europe.

Ban Johnson Asked To Quit As Head of American League

NEW YORK, Dec. 23.—Characterizing as deliberate falsehoods statements credited to Ban Johnson relative to the election of directors of the American league, Harry H. Frazee, president of the Boston club, today in a letter to Johnson invited him to resign as president of the league and declared there can be no peace while both remained in the American league.

The statements credited to Johnson and to which Frazee took exception were:

"The league had always resorted to the ballot instead of using the usual rotation method of the election of the board of directors when it was found the rotation method would bring an undesirable member to the board," and "it was the sentiment that two members be not brought into the league as they attempted to wreck the American league."

"I had hoped that you had learned something in the two past years," Frazee's letter continued, "and since the agreement of peace was reached in Chicago I have refrained from making any comment, but upon this uncalculated attack upon Mr. Comiskey and myself, I think it is about time for you to stop making threats and prove some of the many misleading statements and assertions that you have made, regardless of the attitude of anybody else in the American league. I want you to know that from this time on there can be no peace as far as I am concerned while you and I remain in the American league."

"If you have any sense of justice or realization of the harm you have caused baseball, or had one spark of manhood, or any regard for the game which has made you possible, you would tender your resignation as president of the American league before causing any further harm. If you wish to go into any discussion, either privately or publicly, of our relations since my connection with the American league in 1916, I will be pleased to meet you at any time or place you mention. But, in the meantime, I strongly advise you to eliminate any further attacks upon the Boston American league baseball club, or me personally."

Senator Charges Interest On War Loans to Foreign Powers Already Overdue

WASHINGTON, Dec. 23.—The allied nations should be advised that the United States will not cancel loans made during the war, Senator McKellar, Democrat of Tennessee, declared in an address today in the senate criticizing Secretary Houston of the treasury department for alleged failure to take steps for their payment. Interest on the foreign loan, he added, should be paid when due and the allies' informal certificates of indebtedness converted into long term bonds. He charged that there was an "insidious propaganda" in favor of cancelling the foreign loans.

Secretary Houston's statement on the foreign loans in his annual report, Senator McKellar characterized as "vague and indefinite."

"The senate and the American people are entitled to know why these interest payments, amounting to \$500,000,000, have been allowed to lapse," the senator said.

MANSELL DEFEATED.
ST. LOUIS, Dec. 23.—"Pewee" Kaiser of St. Louis was given the newspaper decision over Harry Mansell of England in an eight-round bout tonight. The rare bantamweights.

STRETCHER OUT OF GAME.
OMAHA, Neb., Dec. 23.—Joe Stetcher, who lost his crown as heavyweight wrestling champion to Ed (Strangler) Lewis in New York last week, was taken to a hospital here today suffering from neuritis. The specialist attending him said that the attack was caused by straining his left arm in the Lewis match. He probably will be out of the game for the rest of the winter.

POST-GRADUATES GIVE ENJOYABLE XMAS PROGRAM

The post-graduate class of the high school presented, yesterday afternoon, an interesting program of readings and musical numbers before a crowd of students and parents, alumni and former Bisbee high school students now attending the University of Arizona in Tucson, in the auditorium of the Horace Mann Junior High School. As an "eye-opener" to the afternoon Frank Barthe, chief leader, asked for a few yells and a display of a little "pep." Because the students wanted to "show off" before the university students, or were perhaps overjoyed at the coming week of freedom from school studies they needed no further encouragement.

At a call from Leighton Bledsoe, student body president, Bob Thomas and George Grezovich discussed the establishment and purpose of the Scholarship club which the Bisbee freshmen of the university have organized in that school. Thomas declared that the club was succeeding in its purpose to create a better standing of scholarship among the university students from Bisbee and that it was bound to be a big success because they all stood behind the movement. As a comment on the "pep" of the high school Thomas added: "Your pep" is fine and all that, but are you applying it to athletics alone, or are you applying it to your studies as well?" Grezovich reiterated the statements of Thomas laying stress on the growth and development of the club in the near future.

Miss Geraldine Hogan former Bisbee high school student, now attending the Tempe normal, also addressed the assembly, discussing the credit due that school.

The program, under the direction of the post-graduate class, was one of unusual literary and musical value and highly appreciated by the audience.

The first number of the program was a three-part reading, "Christmas Eve in a Mining Camp," by the Misses Marie Buckett and Hazel Gihnan, in which the story of how a promised gift of a doll saved the life of a child on Christmas eve. Miss Buckett read the third part in the absence of Miss Irene Ragsdale. "Christmas Experience," by Miss Bessie Beyer, the story of what great good the song of a woman did to prison inmates, and "The Gift of the Maji," by Laura Gardner, a humorous reading of the engagement of hubby and his better half in the purchasing of Christmas presents for each other, were two numbers that were enjoyed by everyone.

The girls' and boys' glee clubs, under the supervision of C. W. Bowers, district supervisor of music in the public schools, entertained their audience with several Christmas selections, showing the efficiency and amount of hard practicing the glee clubs have done since their organization a short time ago.

The program concluded with the audience singing "America."

STATE MAY GET 2 CONGRESSMEN UNDER FEW LAW

PHOENIX, Dec. 23.—Arizona will in all probability be represented in congress by two representatives instead of one when the new apportionment based on the 1920 census is made by congress. This is the opinion of Chas. R. Howe, state tax commissioner, who calls attention to the fact that the latest census figures give Arizona a population of 333,200. In discussing the probabilities Howe said:

"The present apportionment is one representative to every 211,000 or major fraction thereof. Under this arrangement Arizona would be entitled to two legislative districts and two congressmen. With every new census it has always been a problem with congress as to what unit of population should be used and with every new allotment figure the membership of the lower house has been increased."

"If the same unit of 211,000 is to be used, the membership of the house, which is already considered unwieldy, will be increased by 50 to 60 members. In all probability the unit figure for the districts will have to be increased to take care of the situation, though the history of the matter has been that these unit figures are increased very slightly with each successive increase in population. In other words, there has been a natural inclination on the part of congressmen not to vote in favor of any proposition which would decrease the number of congressmen from their particular state."

"In view of this it is hardly likely that the unit figure will be increased to more than 220,000 and this figure has been named as a logical compromise in the present situation. If this goes through Arizona would still have enough population to justify two representatives and two districts would have to be formed. Whether the state would be divided by a north and south line or by one running east and west or by a zigzag line, one corner to the other would have to be decided by those entrusted with solving the problem of dividing the state into two portions in which the population would be equalized."

So extensively does powdered animal horn enter into native remedies in China that medicine factories maintain herds of deer for their horns.

Body of Bishop Laid to Rest in Cathedral Crypt

NEW YORK, Dec. 23.—The body of the Right Rev. Charles Sumner Durrell, bishop of the Protestant Episcopal diocese of New York, was laid to rest today beside his predecessors in the crypt of the cathedral of St. John the Divine.

Burial rites for the bishop, who died suddenly last Monday, were attended only by members of his family. They followed an impressive public funeral which brought approximately 20,000 persons prominent in many walks of life to the great edifice to honor the memory of the eminent churchman.

Preliminary services were conducted at the bishop's residence by Rev. Dr. Howard C. Robbins, dean of the cathedral, after which the funeral cortege made its way to the cathedral, where the casket was placed behind the altar and the body lay in state for more than an hour.

Among those present were Governor Alfred E. Smith and his military staff; Mayor John F. Hylan, J. P. Morgan and Franklin D. Roosevelt, who was one of the honorary pall bearers.

WAR CHECKS RUSHED

WASHINGTON, Dec. 23.—War risk bureau clerks rushed work on mailing out checks to former service men or their beneficiaries this month as a measure of Christmas cheer, getting out a total of 345,540 December payment checks for more than \$15,600,000 up to December 15. It was announced tonight by the bureau.

On December 20 the bureau had 228,697 active accounts, it was said, and now has paid out since its operations began a total of \$331,606,950.

BENJAMINE GETS DECISION

PORTLAND, Ore., Dec. 23.—Joe Benjamine, Portland lightweight, won a ten round decision over Harry Schuman of Denver here tonight. Benjamine floored the Denver fighter twice in the second round, but the latter by a great rally managed to stick it out.

In order to accommodate our customers who may be delayed in making their Christmas purchases this store will remain open until 9 o'clock this evening.
